OUR PARTNERS

Kamrab Medical Company is proud of its strategic partnerships with leading pharmaceutical companies in the region and beyond, which strengthen our ability to provide high-quality medicines to the Sudanese and South Sudanese markets.

Eva Pharma (Egypt)

Eva Pharma is one of the fastest-growing pharmaceutical companies in the Middle East and Africa, with a strong reputation for innovation and reliability. Headquartered in Cairo, Egypt, Eva Pharma operates world-class research and development facilities as well as state-of-the-art manufacturing plants that comply with global quality standards, including WHO-GMP, EMA, and FDA guidelines.

The company's product portfolio covers more than 350 pharmaceutical products, including breakthrough therapies in diabetes management, cardiology, neurology, oncology, and infectious diseases. Eva Pharma has established a presence in over 40 countries, making its medicines accessible to millions of patients worldwide.

For **Kamrab Medical Company**, partnering with **Eva Pharma** means bringing advanced, affordable, and trusted medicines to Sudan. This collaboration helps bridge treatment gaps and improves access to life-saving therapies in under served communities.

MSpharma

MS Pharma (Jordan)

MS Pharma, headquartered in **Amman, Jordan**, is a regional powerhouse in the pharmaceutical industry with more than three decades of experience. The company operates multiple manufacturing facilities across Jordan, Saudi Arabia, Turkey, and Algeria, ensuring strong regional coverage and supply chain resilience.

MS Pharma is committed to delivering affordable, high-quality medicines across various therapeutic areas, including cardiovascular diseases, diabetes, oncology, women's health, and critical care. With a workforce of over 2,500 professionals, the company continuously invests in research, technology transfer, and partnerships to meet international standards and evolving healthcare needs.

Through our strategic alliance with **MS Pharma**, **Kamrab Medical Company** gains access to a broad and reliable portfolio of treatments, ensuring that patients in Sudan can benefit from modern and effective pharmaceutical solutions at competitive prices.

MSpharma

AMIPHARMA
the Name You
TRUST

Amipharma Laboratories (Sudan)

Amipharma Laboratories is one of the most established pharmaceutical companies in Sudan, with over 50 years of continuous contribution to the healthcare sector. The company is recognized for its dedication to producing essential medicines locally, reducing dependency on imports, and ensuring the availability of affordable treatments across the country.

Amipharma's product lines include a wide range of therapeutic categories such as antibiotics, analgesics, gastrointestinal medicines, and cardiovascular drugs. With its modern manufacturing facilities in Khartoum, Amipharma adheres to stringent quality assurance standards and invests heavily in workforce development, research, and product innovation.

For **Kamrab Medical Company**, partnering with Amipharma represents a commitment to strengthening the local pharmaceutical ecosystem. This collaboration not only supports the national healthcare strategy but also empowers Sudanese patients with consistent access to safe, effective, and affordable medications.
